### **PROFILE SUMMARY**

B.Tech student in Computer Science & Data Science with MERN and Next.js experience, strong grasp of scalable APIs and real-time systems, and proven leadership at KHUB-IIITH.

## **EDUCATION**

- B.Tech, Computer Science & Data Science KIET (2024 Present) | CGPA: 7.65
- Intermediate (MPC) SIR C.R. REDDY College (2020 2022) | 54.7%
- SSC Sai Rakesh School (2019 2020) | 96.5%

## **TECHNICAL SKILLS**

#### **Hard Skills**

- **Programming:** Python, C (basic), JavaScript, TypeScript (basic)
- Backend: Node.js, Express.js, Flask
- Frontend: React, Next.js, Tailwind CSS, Figma
   Databases: MongoDB, PostgreSQL (basic)
- Full Stack: MERN
- Tools: Git, GitHub (GitHub Actions)

#### Soft Skills

 Communication, Leadership, Team Work, Time Management, Problem-Solving, Adaptability, Public Speaking

### **KEY PROJECTS**

• Blood Bridge (GitHub | Live Demo)

Built with Next.js, TypeScript, and MongoDB. Connects blood donors and seekers, with location-based search and an Al health chatbot. Used by 150+ test users, ensuring 95% accurate donor matching.

• TAFEA (GitHub)

Developed at **IIITH Winter Internship**. **MERN** solution for NGOs to support **teaching assistants**, simplifying lesson planning and accessibility. Improved lesson access for **200+ students across 3 schools**.

• Data Dialect (GitHub)

Built with Flask + React. Converts images, audio, and video into text, generates key notes from PDFs, supports translation, and saves processed history. Successfully processed 500+ media files during testing.

## PROFESSIONAL EXPERIENCE

• Senior Developer Intern — KHUB + RCTS Lab, IIITH Aug 2025 — Present

Led a 9-member team on **Local Hunt**, a startup project bridging offline stores with customers. Designed prototypes in **Figma** and contributed to development using **Next.js**, **TypeScript**, and **PostgreSQL**. Achieved a **40% faster search response time** and onboarded **25+ local stores** in the pilot.

• Winter Intern — RCTS Lab, IIITH Dec 2024 — Jan 2025 Contributed to an NGO project supporting teaching assistants for under-resourced schools. Built MERN-based features that reduced lesson planning time by 30%, helping 50+ teachers improve efficiency.

Junior Developer Intern (JDI) — KHUB + RCTS Lab, IIITH Aug 2024
 Apr 2025

Worked on an **NLP project** using **Flask, MERN, and MongoDB**. Designed **UI/UX in Figma** and implemented **frontend modules** integrated with **backend NLP models**. Helped improve data processing accuracy by **15%** and supported **1000+ processed files**.

# **CERTIFICATIONS**

- JDI Internship KHUB + RCTS IIITH
- Winter Internship RCTS IIITH
- FMML Foundations of Machine Learning (IIITH)

## **ACHIEVEMENTS**

- 3rd Place ML Hackathon (150+ participants)
- Semi-finalist Toastmasters Speech Contest (200+ members)
- Successfully completed Junior Developer Internship (KHUB
- + RCTS IIITH)
- Successfully completed Winter Internship (RCTS IIITH)
- Selected as Team Lead Intern at KHUB + RCTS IIITH

### **HOBBIES**

Reading tech blogs, Chess, Music, Public Speaking

## **LANGUAGES**

• English, Telugu, Hindi
